Herd Established 1937

**Dear Fellow Breeders and Cattlemen:**

For 35 years I have been breeding Shorthorn and Polled Shorthorn. I have thought many times during these years about a production sale and looked forward to the time when this might be possible. Our breeding herd now numbers nearly 200. The size and quality of our herd enables us to part with a good number of cattle this year and I am very happy to invite you to our first production sale.

Many of you know we run large farm operations, about 1200 acres, which is part of my father's old homestead. Our cattle are grazed on some of the good pasturelands in South Carolina, and I am pleased to invite your inspection of the cattle we are selling in this sale. They are all young and will sell in excellent breeding condition. They are an example of our breeding program and the good bulls we have used over the years. Your attention is called to the reference sires on the following pages, in particular, the service sires. You will note we are using a full Canadian bull, bred by C.S. Thomas and Sons, Hartney, Manitoba, Canada. This bull is dark Red, long and tall, and is Polled. Upson Consort 3rd X, has done us an excellent job, and, in fact, all of our reference sires have done a creditable job.

I am pleased to have my good friends, Jack Dobbins, Joe Broyles and Dr. George Smith join me in this sale. We all look forward to seeing many of our friends and cattlemen on the benches sale day. For convenience, we are holding the sale at the clean and modern Anderson Stockyard.

Sincerely yours,

**T. ELIAS McGEE**

P.S. See our cattle on the farm up through August 24 when they will be moved to the sale site.

## STATEMENT OF SALE MANAGER

Phone: 743-5092 (Area Code 912)

2985 King Alfred Drive  
MACON, GEORGIA 31204

This is a special invitation to attend the T. Elias McGee and Fellow Breeders sale of Shorthorn and Polled Shorthorn. Actually, this is the first production sale of Mr. McGee who is selling some 45 females along with three bulls in the sale. He has invited some of his good friends and fellow breeders, namely, Mr. Jack Dobbins, Townville; Dr. George Smith, Greenville; and Mr. Joe Broyles, Townville, all South Carolina breeders, to participate in this event.

I have had the pleasure of working with these men for nearly twenty years, also I have been in their herds over the years and worked on many sales where they have consigned as well as purchased high quality Shorthorn and Polled Shorthorn. All of their names are familiar to the industry and their herds are known for the top bulls they have used, and their high quality progeny.

Your attention is especially invited to the age of these cattle, most all of them two years and younger, in fact, all are young cattle. A large majority of them are RED and many of them POLLED. They will be calving just right for fall breeding and will fit into the average beef cattle program for breeding to the bulls of your choice. I would like to publicly compliment these men for their breeding program. They are using modern bulls, full Canadian bulls that are long, tall and superior blood-lines.

Shorthorn and Polled Shorthorn are in strong demand by cattlemen throughout the nation. This will be one of the few sales held in the southeastern United States this year. I hope you will avail yourselves of this opportunity. This is truly a set of cattle I can recommend and they are sure to prove profitable for their new owners.

Please let me know if I can be of service in any regard before or during the sale.

A feature of the sale is the sons and many daughters, as well as service, of this sire offered in this sale. He was purchased in the Colonel George H. Miller, Upson Farms' Dispersal, as a promising young bull, and has proven himself worthy of a strong spot in the McGee breeding program. Sired by the famous Timberlee's Consort 44X who sired an All American in his first calf crop, and weighed over 1850 lbs. as a young bull in the Upson breeding program. He is backed up by some of the most outstanding Polled blood of the industry. It is recalled his dam and grand dam, as well as two of the dam's half sisters, were among the very top individuals in the nationally known Upson Farms herd when it was dispersed in 1968. More than 10 females are bred to this bull and 15 females are sired by him. Two sons sell as lots 49 and 50.

These Top Females Sell. Some Daughters of Noble Collection.

Here is a big smooth polled cow that is one of our best from Lavender family and one of the last daughters of the imported Glastullich Rothes King. Lavender 6th was one of our best show heifers. She is ready to wean her second calf before her fourth birthday and was bred May 12, 1972, to the great ABS bull Kinnaber Leader 9th (Big Gene). See her February 26, 1972 bull calf by Leader 21st, Lot 53 that we are selling as a special attraction in this sale.

It is significant that the grand sire of Pinelane Leader 6th, 115 Coronet Leader 21 X was winner of the first Sire of the Year contest 1969-70. This is a big white heavily muscled strong-boned bull, with excellent skeletal make-up. He is modern, as one could desire. He also has tremendous muscling throughout. You will want to own some of the females that carry his service. They are Lots 58-66, nine top females that will be pregnancy checked to this modern young bull.
